Mr. A. Geary.

With many thanks we have received your kind letter dated on Oct. 17th.

The JDY Short Wave Radio Station commenced its operation on the 16th. last July, in order to inform the whole world of Japan's righteous standpoint as well as Manchoukuo's wonderful progress and development, against the incorrect and malignant propaganda broadcast by China.

Since the date above mentioned, the station has been on the air under the management of JQAK Broadcasting Station which has concurrently managed two standard broadcasting wave stations; one of which being on the air for the Japanese People, the other for the Manchus.

We give the details of the JDY Station as follows:

Wave length------9925 KCs(30.2metres)
Power------------10 KWs.
Everyday's program (by GMT)
1200------------Music and news in Japanese as well as in Manchu.
1245------------News in English(up to 1300)

Checking your report with our station log, we have the pleasure to verify your reception of our transmission(JDY).

We could be very much pleased if you would kindly tell your friends about our broadcasting and we earnestly hope that as many people as possible will understand the true situation of Japan and Manchoukuo.

Yours sincerely,

JQAK & JDY Radio Station

I. Sugiyama.

Isao Sugiyama.
Director.
